

This month the theme of the Junior Infant classroom is "The Supermarket". We have been very busy learning and exploring this theme and we are having great fun!

We built a model of our local supermarket during Aistear at our construction station.

We went on a field trip to our local SuperValu. This was our first trip outside of the school with our class.

We took a tour of SuperValu and learned all about the different sections of the supermarket like the deli, the bakery and the butchers! The butcher Paddy even showed us a full lamb carcass!

SuperValu were so kind, they gave each of us a bottle of water and some fruit to bring back to school. We scanned our own water and fruit on the till.

We had such great fun! A huge thank you to the SuperValu, Maigh Cuilinn team for making our field trip so enjoyable!!
