

Scoil Mhuire, Maigh Cuilinn
Parent/Guardian Consent
CONSENT TO INFORM CLOSE CONTACTS
OF A POSITIVE CASE OF COVID-19

Due to the pressure the COVID-19 Contact Tracing System is under, and although the HSE has prioritised schools with regard to Contact Tracing, it may be some time before the Public Health Office gets around to contacting the school regarding Close Contacts of children who have tested positive for COVID-19.

We would greatly appreciate if parents of children in our school would:

- inform us as soon as possible in the event their child tests positive for COVID-19
- provide us with the attached written consent to inform persons in our school who are Close Contacts of the child, i.e. staff members and pupils in the child's class
